COAT OF ARMS

The **HUMAN FIGURES** are the symbol for Community partnership, collaboration between trainees, department & industry and Inclusivity & diversity with the trainees body

The **SHIELD** is the symbol for safeguarding of knowledge and the responsibility of The Meru National Polytechnic to uphold education standards

The **OPEN BOOK** is the symbol for Academic excellence, continuous learning & innovation and commitment to transforming lives through education

The **MOUNTAIN PEAKS** is the symbol for aspiration and excellence towards highest standards, endurance, resilience and pride in local identity

The **INTERLOCKING GEARS** is the symbol for infinite orientation towards Technical & Vocational training, practical hands on learning, industrial relevance, competency based education and national Socio-economic development

BLUE Means: Technology, Professionalism, Stability and trustworthiness.

GOLD Means: Wisdom, Excellence, Groundedness and reliability.

VISION

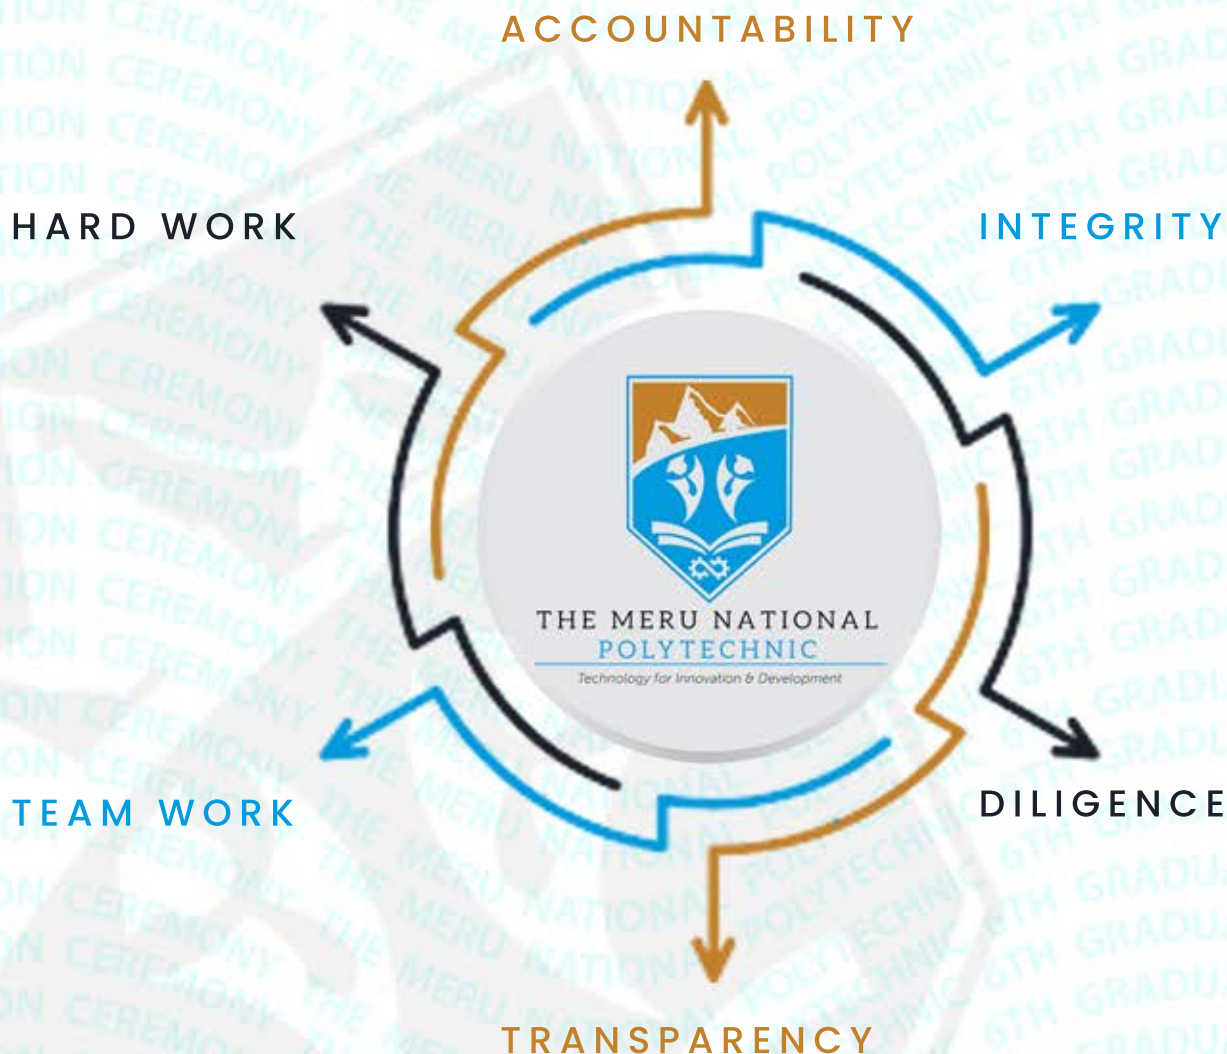

To be an International Center of Excellence in Technical and Vocational Educational and Training (TVET).

MISSION

To provide Technical and Vocational Education and Training (TVET) for producing dependable and skilled Human Resource for Commerce and Industry.

1:00 PM	Presentation of Special Awards
1:30 PM	Vote of Thanks
1:35 PM	Chief Principal Dissolves the Convocation

THEME OF GRADIATION

CELEBRATING SKILLS TO TRANSFORM COMMUNITIES

Today, we gather to ignite a powerful force for change. Our theme, "Celebrating Excellence in Skills to Transform Communities," is a declaration of purpose for Meru National Polytechnic. We are here not merely to confer certificates, but to send forth a generation of skilled professionals who are also conscientious builders of society. The "Excellence" signifies the extraordinary, the exceptional, and the cross-disciplinary nature of the skills we champion—marking you as problem-solvers ready to tackle tomorrow's challenges.

Your journey here has been one of rigorous training, hands-on practice, and character development. You have mastered fields from engineering and agriculture to business and information technology. Yet, our mission has always extended beyond technical proficiency. We have instilled the principle of application with a conscience—the understanding that a skill's true worth is measured by its ripple effect on your family, your community, and our nation.

As we celebrate you, we celebrate the tangible impact you are poised to make. You are the future agriculturalist introducing drought-resistant crops, the engineer bringing sustainable power to remote areas, the entrepreneur creating jobs, and the builder constructing safer, greener homes. You are the vital catalysts who will bridge the gap between pressing community needs and innovative, practical solutions.

This transformation is a collective achievement. We extend our deepest

gratitude to our dedicated trainers, industry partners, parents, guardians, and the supportive leadership of Meru County. Together, we have created the ecosystem where your skills have been nurtured and given purposeful direction.

To the remarkable Class of 2025: You carry the hopes of your families and the potential of your communities. Your qualification is more than a credential; it is a tool for building, healing, creating, and leading. Wield it with integrity, innovation, and a profound sense of service.

Go forth from these walls as forgers of a brighter future. Transform your world. Let this graduation stand as a lasting testament to excellence in its highest form: excellence that is ethical, empowering, and enduring.

CHIEF GUEST

**HON. Dr. JULIUS M. OGAMBA, EBS
CS, MINISTRY OF EDUCATION**

It is a great joy to join you for this historic 6th Graduation Ceremony of The Meru National Polytechnic. I congratulate the Chief Principal, the Governing Council, and the entire institution for your commitment to quality, industry-relevant training, which places this Polytechnic among our nation's leading centres of technical education.

Most importantly, congratulations to the graduating Class of 2025. Today is a proud day for you, your families, and your trainers. Your dedication has borne fruit.

Meru National Polytechnic exemplifies a modern, innovative institution. Your remarkable innovations—the Merpola banana flour, smart bin, and solar dryer—demonstrate the power of applied skills in solving real-world challenges. Your consistent top performance at national TVET Fairs reflects your creativity and industry-oriented focus. I commend you for fully embracing the Competency-Based Education and Training (CBET) model, shifting the focus to 'what learners can do.'

The institution's progress is commendable: the EASTRIP Centre of Excellence in Building and Construction is elevating regional standards; your three

campuses extend flexible access; and your commitment to sustainability, like the fully solarized Giaki Campus and biogas systems, aligns with our Green TVET agenda. The innovative factory model, blending training with production and income generation, is exemplary.

As a Ministry, we are transforming TVET into Kenya's engine for industrialization. Our pillars are clear: consolidating CBET, expanding the Dual Training model for hands-on experience, implementing Recognition of Prior Learning (RPL), and integrating Digital and Green TVET through AI and sustainable technologies. We are investing in infrastructure and a new funding model to ensure equitable access, preparing graduates for both local and global opportunities.

To the graduands: your skills are a passport to opportunity. In a world shaped by technology and climate challenges, be distinguished by critical thinking, creativity, and ethics. Be job creators and problem solvers. Carry the pride of this Polytechnic as makers and transformers.

I call upon partners, industry, and county governments to strengthen these vital collaborations. To the parents and trainers: thank you for your sacrifices and dedication.

Go forth as ambassadors of transformation. Let your actions define the value of your education. God bless you, God bless Meru National Polytechnic, and God bless Kenya.

GUEST

Dr. ANTHONY N. GETAMBU, PhD
COUNCIL CHAIRPERSON

Honorable Cabinet Secretary, esteemed leaders, Council Members, industry partners, Chief Principal, faculty, staff, parents, distinguished guests, and our proud Graduating Class of 2025:

Ladies and Gentlemen, it is a great honour to address you at our 6th Graduation Ceremony. We gather to celebrate a milestone for our graduands and the continued growth of The Meru National Polytechnic.

Our deepest appreciation to our Chief Guest, the Cabinet Secretary, Hon. Julius Migos Ogamba, for your esteemed presence. Your support for TVET is deeply valued.

To the Class of 2025: heartfelt congratulations. Your success reflects your determination and the unwavering support of your families and our dedicated staff.

Chief Guest, the Polytechnic has strengthened its standing as a centre of excellence. We now operate three specialized campuses—Giaki, Mt. Kenya East, and a Virtual Campus—enhancing access and flexible learning.

This past year saw significant progress: a state-of-the-art Automotive Workshop, the solar-powered Giaki School of Agriculture, our eLearning Centre and Virtual Campus, modernised workshops, and the Giaki borehole project. The Council has also focused on sound governance, robust audit systems, and policy reviews to uphold institutional integrity.

We reaffirm our commitment to national TVET reforms, including CBET, RPL, and the Dual Training Model. We are integrating Digital and Green TVET to prepare graduates for an economy driven by innovation and sustainability, in line with Vision 2030 and BETA.

To our graduands: you leave equipped with technical skills and the values of integrity and responsibility. Uphold the dignity of labour, innovate boldly, and serve society with honour. Your future success is the ultimate testament to your education here.

We thank the Chief Principal, management, trainers, and staff for their dedication, and we thank parents and sponsors for your trust.

The Governing Council remains steadfast in strengthening our institution, deepening industry partnerships, and elevating training standards.

Congratulations, Class of 2025. Go forth as ambassadors of excellence, ready to build our nation. God bless you, God bless this Polytechnic, and God bless Kenya.

HOST

Dr. MUTEMBEI KIGIGE, PhD, OGW
CHIEF PRINCIPAL

Our Chief Guest, the Cabinet Secretary, Hon. Julius Migos Ogamba; the Governing Council; distinguished guests; industry partners; staff; parents; and, most importantly, the Graduating Class of 2025:

Good morning! It is with deep honour that I welcome you to our 6th Graduation Ceremony. Today, under our theme "Celebrating Excellence in Skills to Transform Communities," we celebrate not just academic success, but the resilient, innovative spirit of our institution.

Class of 2025, congratulations! Your hard work and dedication inspire us. Thank you to the parents and guardians whose support made this possible, and to our exceptional Council, management, and staff—you are the backbone of our success.

From our founding in 1956 as Gitoro Technical to our National Polytechnic status today, our evolution continues. This year, we achieved two historic milestones: we are now a qualifications-awarding institution and have fully implemented Competency-Based Education and Training across all 47 curricula. I am proud that 106 graduates today earned

their credentials through our Recognition of Prior Learning program.

Our commitment to digital transformation is evident in our new E-Learning Centre, MNP TV studio, and virtual reality labs. Innovation thrives here, from trainee Osca Munene's Africa Tech Challenge victory to our practical projects like the MERPOL Banana Flour unit and Smart Bin.

We are building for the future. The EASTRIP Centre of Excellence in Building and Construction will position us as a regional leader. New infrastructure—including an Automotive Workshop, the solar-powered Giaki Campus, and a new Administration Block—expands our capacity. Critically, our new Day Care Centre supports parenting students, ensuring no one is left behind.

We are equipping graduates who are technically skilled, digitally ready, and environmentally conscious, directly supporting Kenya's national development agenda.

To the Class of 2025: your diploma is a tool for building, healing, and leading. You are prepared not just for jobs, but to be problem-solvers and ethical leaders. Go forth and innovate. Inspire. Lead. Carry our flag with pride and transform your communities.

Congratulations!
God bless you, God bless Meru National Polytechnic, and God bless Kenya.

NATIONAL ANTHEM

Ee Mungu nguvu yetu Ilete
baraka kwetu Haki iwe
